

2020 RAS/EMBS IEEE 8th International Conference on Biomedical Robotics and Biomechatronics (BioRob 2020)

June 29 - July 2, 2020
New York ○ NY
Columbia University

Conference Organizing Committee:

General Chair: Sunil K. Agrawal, Columbia
General Co-Chair: Hermano I. Krebs, MIT
Program Chair: Conor Walsh, Harvard
Program Co-Chair: Joel Stein, Columbia
Scientific Chair: Elliott Rouse, Michigan
Scientific Co-Chair: Matei Ciocarlie, Columbia
Finance Chair: Damiano Zanotto, Stevens
Workshop Chair: Jiyeon Kang, SUNY Buffalo
Publication Chair: Ellen Roche, MIT

Editorial Board:

Jake Abbott (University of Utah)
Panos Artemiadis (University of Delaware)
Phillipp Beckerle (TU Dortmund & Darmstadt)
Maura Casadio (University of Genova)
Claudio Castellini (DLR)
Kaveh Hamed (Virginia Tech)
Michelle Johnson (Univ of Pennsylvania)
Hyunglae Lee (Arizona State University)
Zheng Li (Chinese University of Hong Kong)
Todd Murphey (Northwestern University)
Hyung-Soon Park (KAIST)
Zeynep Temel (Carnegie Mellon University)
Ana Luisa Trejos (Univer of Western Ontario)
Qining Wang (Peking University)
Aaron Young (Georgia Tech)

Submission: Use PaperPlaza BioRob Portal

Call for Papers and Workshops

BioRob2020 will be held in the Alfred Lerner Hall at Columbia University, New York City. The conference will include plenary sessions, contributed paper sessions, workshops and tutorials, continuing medical credits (CME), exhibitions, and more. *Selected papers will be recommended for submission/review in a special issue of IEEE Trans on Medical Robotics and Bionics.*

We cordially invite you to our exhilarating New York City, which is at the forefront of culture and innovation.

Timeline

- Feb. 16:** Full paper/workshop proposal submissions for review
- Apr. 24:** Decision of acceptance
- May 8:** Submission of final papers with Conference Registration
- May 15:** Late breaking results submission
